WASHINGTON, Sept. 14.—The following mone estimate is that the sound money move ment will take 40,000 to 50,000 democrats Carolina, chairman of the populist executive committee, to Hon. Thomas E. Watson of

Dear Sir: Such is our government that the citizens of the United States must shape its course for good or evil through the agency of political parties. When there is no political party that represents the principles of good government no party that stands for right and the interests of the laborer, the producer and all who strive to make an tonest living by fair and legitimate means. then it is impossible for the majority of the voters to express their will at the ballot box. When the political parties stand for the selish interest and personal greed of moneychangers, corporations, trusts and monopolies, as does the republican party under the leadership of John Sherman and the democratic party under the leadership of Grover Cleveland, then the pro-ducing masses are victims without an alter-To withhold their votes will furnish no relief, while to cast their votes for either party is to sanction their spoliation and to strengthen the power that oppresses them.

"This was the political situation in 1892, when stern necessity forced organized la-bor, the organized wealth producers, and others who believe in good government, and were engaged in legitimate business inter-ests, to meet and form a new political organization, known as the people's party. The democratic and republican parties no longer represented the principles upon which they were founded. Both have bewhich they were founded. Both have betrayed the people, and have legislated in
the interest of bankers, speculators bondholders and monopolists, thus enabling the
favored few to absorb the millions of property carned and created by the toiling
masses. The people's party was the first
political organization in twenty-three years
that made an honest demand for the free
and unrestricted coinage of silver. The
people's party was the first political organization to make definite and specific what
is meant by opposition to monoplies, instead of indulging in glittering generalities. So successfully has it eralities. So successfully has it exposed the shortcomings of the two old parties, that one of these old parties has been forced to retrace its erring steps and cast off, for the time being, at least, its base and treacheous leaders. OTTUMWA, Ia., Sept. 14.-(Special Telegram.)-President Penna of the United Mine workers made the claim at Oskaloosa Labor day that over two-thirds of the coal miners of the United States were for Bryan and free silver. The republicans have usually conceded that a majority of them were for Bryan, but a poll just taken of those employed by the Whitebreast Fuel company, in Iowa and Illinois, to the number of 3,000, shows McKinley to be in the lead. The Whitebreast company is one of the largest coal mining organization in the west, and employs over 3,000 men, who actually dig coal at their mines near Ottumwa, at Forbush, Neb., and Oskaloosa, la., and at Spring Valley, Dumfermine and other points in Illinois. These men are of every nationality, and are a fair representa-tion of the miners of the country.

The po.! was ordered by Colonel T. H. Phillipps of this city, general superintendent of the company's mines. He is a radical free silver democrat. When called upon today he refused to show the figures. He said that the poll "showed Bryan in the lead, though only a little." He denied that McKinley had more votes than Bryan, but J. T. NEW YORK, Sept. 14.-The World this morning says: The negotiations for the sale of the Eric canal electric franchise to an English syndicate will result in the installation of a complete system of electric traction within a short time. What has in-terested English capital in this enterprise is the possibility of shipping grain from the northwest direct to Liverpool by an all-water route and effecting a great saving in time and freight charges. Only one transtime and freight charges. Only one trans-fer will be required, and that will be in New York harbor, without the necessity of elevator storage. The saving will be not only in high railroad freight charges if the grain is brought to New York by rail, but the old water route of elevator charges Buffolo, and slow haulage by mules through the canal with more elevator

charges at this port.

The use of electricity to run canal boats is but a part of the extensive pl cheapen rates from the west to the and then to Europe. It contemplates a di rect service from Chicago and Duluth by the use of steel canal boats after the type of the six that were built last year in Cleve land and made one trip to this port. With the aid of floating elevators the canal boats can be unloaded to the ocean steamers in the harbor without the necessity of stor-

This was the plan that New York capitalists had in mind when they secured as a gift the franchise that Englishmen are to pay \$3,000,000 for. They did not get very far along before they met the all-powerful opposition of the New York Central railroad company and the allied trunk lines, that monopolize the traffic into New York and have been steadily running down the canal A few figures tell the story. Loser Shows Up Fat and Flabby and in No Condition to Meet His Young and Vigorous Opponent.

BALTIMORE, Sept. 14 .- Jake Kilrain, the Baltimorean, and Frank Slavin, the Australian, were the stars in a lively fistic contest which took place at the Eureka Athletic club, near this city, tonight. The fight attracted large delegations of sporting men, as bad blood was known to have existed between the two men ever since Slavin defeated Kilrain at Hoboken in 1891, and some hard punching was thought to be certain. Kilrain, although past the age when men are thought in these modern times to be good fighters, has been training hard, and every one present felt that he would be able to give a good account of himself against this younger and stronger antagonist. The last event of the evening was called soon after 10 o'clock and

When Kilrain stripped he looked to weigh not less than 250 pounds and the flesh hung from him in rolls. Slavin, on the contrary, was in the pink of condition.

Jake led with his left, but it was a mere feather tap. Then Slavin sent out his left, landing lightly and then clinched and began to play en the wind. Slavin hit hard, but Kilrais was not effective. Three times the pugilists repeated this performance and then Slavin caught Jake in the ribs, they clinched, Slavin hit his man a terrific short arm blow under the heart, threw his arm around Kilrain's neck, hooked with his right on the jaw and Kilrain fell like a log. His head struck the floor. ITALIAN BARK GOES TO PIECES

Captain Shoots Himself in Order to Escape Death by Drowning. HIGHLAND LIGHT, Mass., Sept. 14.—The Italian bark Monte Tabor, from Trapani for Boston with a cargo of salt, was wrecked on Peaked Hill bar at midnight. To escape death by drowning it is presumed Captain Delacasca committed suicide by shooting, and his example of self-destruction was followed by the mate, who cut his throat with a razor. Three of the crew of ten, all of whom were swept overboard were drowned. The remaining seven reached shore on the vessel's deckhouse, which was the largest portion left from the vessel a short time after she struck.

RAPILLO GIAVONNI, mate OLIVER MANUELO, cook. EPPELLETTE BRAGGI. BORNELLO CAPELLO, seaman A thick fog prevailed all night, and al-though the crew of the Peaked Hill life-

saving station patrolled the beach con-stantly, nothing was known of the wreck until members of the Monte Tabor's crew reached shore on pieces of the wreck. As none of them could speak or understand English, the information gleaned from them was very meager. Afterward a chest camashore, evidently the property of the captain. From documents found in it the name and destination of the vessel were learned. Later, by signs, the crew made known the action of the officers in committing suicide, their motions being taken at first to indicate that the captain had shot himself and the mate had cut his throat. When two bodies with their throats cut came ashore, however, it appeared that the dumb language had been misunderstod and that both the mate and captain had killed themselves by throat cutting. Soon after the scamen came ashore a boat's crew from the life saving station put off for the wreck, but they found noth ing left. The vessel had gone to pieces al-most immediately. The surviving members of the crew are being cared for by the life

APPROACHING APPLE CARXIVAL Glenwood Receive a Communication

from Secretary Morton.
GLENWOOD, Ia., Sept. 14.—(Special.)—The apple carnival to be held at this place Wednesday and Thursday of this week bids fair to be a grand success if the weather permits. The following letter has been received from the secretary of agriculture:

ARBOR LODGE, Sept. II. 1895.—M. G.
Edwards—My Dear Sir: Sincerely I thank
you for the invitation to attend the Glenwood fruit festival and regret that I cannot
accept the same. There is nothing which
gives me greater pleasure than such occasions. There is no more enchanting vocation than that of the horticulturist. He is
artist and utilitarian combined and copartner with sunshine storm and soil. His
products are the children of nature and art,
married by faith at the altar of industry.
Wisning you an instructive and delightful
gathering, I am very sincerely yours,
J. STERLING MORTON. ceived from the secretary of agriculture:

Ruins an Enemy's Orchard. BURLINGTON, Ia., Sept. 14 .- (Special relegram.)-I. Pfadnahauer is under arrest for cutting down 700 plum trees on the farm of Al Swallow, near Burlington. Pradnahauer was jealous of Swallow's attention to young women.

With a better understanding of the transient nature of the many physica! ills, which vanish before proper efforis—gentle efforts—pleasant efforts— rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal eleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you pur-chase, that you have the genuine arti-cle, which is manufactured by the Cali-

fornia Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative. one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely ised and gives most general satisfaction.
